Experience of tutoring

*Please explain the reason for your rating in question 1*

- Tutorials were often pre-emptive of lecture materials or covered content which had only been taught during the week - while this encouraged reading ahead, it was also challenging to keep up with tutorials

*Please explain the reason for your rating in question 2*

- Excellent tutor- always related everything back to the Keynsian Cross Diagram and the pistachio example.

*Please explain the reason for your rating in question 3*

- Wrote a post on wattle that effectively communicated to us what he was after, and how we could score good marks.

*Please explain the reason for your rating in question 4*

- His knowledge of Australian Economic History gave great context to the subject matter.

*Please explain the reason for your rating in question 5*

- He would always make his own answers in addition to the prescribed answers. This showed he thought deeply about the questions and different methods to approaching them.

*Please explain the reason for your rating in question 6*

- He always checked in.

*Please explain the reason for your rating in question 7*

- Excellent tutorials and very hard-working tutor. Interesting and informative

- Great teaching, very entertaining and made an effort to make tutorials engaging, which is quite rare among CBE tutors. Thoroughly enjoyed the tutorials.

- Rohan is too nice, please tell Chirag to pipe down in tutes he is very draining literally every single class I've been with him in since first year (every. single. semester.) he's too loud and draws way too much attention to himself.

- Rohan was a fantastic tutor and always went above and beyond to ensure that we were as well prepared for our exams as possible, giving example questions, peer group study sessions etc. The best tutor I have ever had at ANU!

- Rohan was a fantastic tutor, who really helped me understand the subject and get me interested in learning it

- Truly outstanding.
